Dr. Janet Crain was raised in Brooklyn, New York. She graduated with honors from the State University College of Buffalo in 1976. She received her D.M.D degree in 1981 at Tufts University School of Dental Medicine in Boston, Massachusetts.

She has completed many hours of continuing education training including a program at University of Medicine and Dentistry of New Jersey in the diagnosis and treatment of the temporomandibular joint.

Dr. Crain then became a Certified Hypnotherapist and a Certified Instructor in Hypnosis with the National Guild of Hypnotists. She has had special training in Pain and Stress Management and lectures internationally on this subject.

In 2006, she was recognized as one of America's top dentists by Consumers' Research Council of America. She is currently in private practice in New Jersey devoted to the treatment of head and facial pain and TMJ disorders.
