Deborah Faithrose, Certified Hypnotist, Certified Instructor, Professional Speaker

As a result of building a successful speaking career which began in 1986, Deborah became aware of the power of the subconscious mind.

She began to study "waking hypnosis" as it applies to hypnotic writing, hypnotic speaking, and hypnotic marketing.

As she began to use waking hypnosis on advanced levels, she realized how hypnosis can also help people with life challenges, such as, weight loss, smoking cessation, and self confidence.

She successfully completed hypnosis certification courses at Genesis Hypnosis Center in Arlington, Texas and has been helping clients change their lives in many positive ways. Deborah learned at an early age that sometimes laughter is the best way to handle life's tough challenges. For this reason, she has integrated highly entertaining stage shows into her hypnosis skills and services.

Deborah has continued to strengthen her knowledge of the subconscious mind through advanced seminars and classes with graphology being among her modalities of study both for entertainment and therapy.

Most recently, Deborah was honored with a master level certification in Neuro-Linguistic Psychology by National Federation of NLP.
